

# Bridge foundation construction in Surrey

September 20, 2021

Bridge foundation work in Surrey started in summer 2021.

Over the coming months, work will begin on the bridge foundations and bridge approach structures located near Highway 17 (shown in the graphic). This work will continue for the remainder of 2021.

When traffic pattern changes and/or lane closures are required, additional notice will be provided in advance.

Bridge foundation work involves:

- Intermittent pile driving
- Placement of reinforced steel and concrete

## What to Expect

### Timing

Starting in September and continuing for the remainder of 2021.

### Hours of Work

Intermittent pile driving will occur:

Monday to Saturday from 7:00 a.m. – 10:00 p.m.

Welding and other ancillary work on site will occur at night and on Sundays.

No pile driving activities will take place on Sundays or holidays.

### Traffic

When required, traffic control personnel will be on site to direct traffic, pedestrians, and cyclists. All traffic pattern changes will be well signed.

### Impacts/Interruptions

Nearby businesses and residents will hear some noise and may feel some vibration from the intermittent pile driving. All general construction activities and other non-pile driving activities (welding, concrete work, etc.) will occur 24 hours a day, seven days a week. Temporary lane closures and detours will be required.

If you have any questions about this work, please email [info@fcgp.ca](mailto:info@fcgp.ca) or call the 24/7 phone line: 1-844-815-6149.
