

Overnight Survey Work – Front Street in New Westminster

August 20-21, 2020

As part of planning for the Pattullo Bridge Replacement Project, crews will be conducting pre-construction survey work on August 20-21 between 10:00 p.m. and 5:00 a.m. This work will require single lane alternating traffic on Front Street near the railway bridge and Pattullo Bridge, and traffic control personnel will be on scene to facilitate traffic movement in the work area. Work is being conducted overnight to minimize traffic impacts along Front Street.

If you have any questions about this work, please email PattulloBridgeProject@gov.bc.ca or call our 24/7 construction information phone line: 1-844-815-6149.
