

# Utility Investigation Work in New Westminster

Updated July 27, 2021

Fraser Crossing Partners, the contractor who will build the Pattullo Bridge replacement, is conducting utility investigation work on Columbia Street in New Westminster.

Sections of pavement will be removed and pressurized water will be used to locate and inspect underground utilities. This is required prior to the start of construction in the area.

While this work is underway, traffic will be reduced on Columbia Street to a single lane in the eastbound direction west of McBride Boulevard (near the Pattullo Bridge).

## What to Expect

### Timing

August 3-6, 2021

### Hours of Work

11:00 a.m. – 6:00 p.m.

### Traffic

When required, traffic control personnel will be on site to direct traffic, pedestrians, and cyclists. All traffic pattern changes will be well signed.

### Impacts/Interruptions

Nearby businesses and residents may hear noise due to pavement removal, hydrovacating activities and idling vehicles.

We thank you for your patience as this work is completed. If you have any questions about this work, please email [info@fcgp.ca](mailto:info@fcgp.ca) or call the 24/7 phone line: 1-844-815-6149.
