

Bridge foundation construction in Surrey – northbound slow lane closures on Pattullo Bridge approach and additional day of work

March 7, 2022

Construction for the bridge foundations and approach structures in Surrey is underway and will continue through 2022.

Fraser Crossing Partners will be conducting intermittent pile driving for the bridge foundation adjacent to 112 Avenue shown on the graphic below. A northbound slow-lane closure will be required on the Pattullo Bridge approach while piling is underway due to the proximity of the foundation to the existing bridge and roadway.

To minimize traffic impacts, this piling work and the associated northbound lane reduction will take place on weekends for approximately two months starting in mid-March. The lane closure will be implemented on Saturdays between 7:00 a.m. and 10:00 p.m., and Sundays between 9:00 a.m. and 6:00 p.m. when required. The lane closure may also take place on occasional weeknights between 7:00 p.m. and 10:00 p.m. Lane closures will only be in effect during active piling work at the location closest to the roadway. All traffic pattern changes will be well-signed, and changeable message signs will be provided at key locations to enable drivers to plan alternate routes in advance.

A northbound slow lane closure will also be required once work begins on the foundation for the new Highway 17 off-ramp (also shown on the graphic). More information will be provided in advance of the start of this work.

What to Expect

Timing

March-May, 2022

Hours of Work

Intermittent pile driving adjacent to 112 Ave. and King George Blvd. will occur:
Monday to Saturday from 7:00 a.m. – 10:00 p.m.,
and on some Sundays from 10:00 a.m. – 4:00 p.m.

Welding and other ancillary work on site will occur 24 hours a day, seven days a week. No pile driving activities will take place on holidays.

Traffic

Northbound slow-lane closures on the Pattullo Bridge approach will be implemented on Saturdays from 7:00 a.m. to 10:00 p.m., Sundays from 9:00 a.m. to 6:00 p.m, and occasional weeknights from 7:00 p.m. to 10:00 p.m.

Road signage will be in place and traffic control personnel will be onsite.

Impacts/Interruptions

Nearby businesses and residents will hear some noise and may feel some vibration associated with the intermittent pile driving for on-land bridge foundations.
