

Bridge foundation construction in Surrey – weekend pile driving for Highway 17 off-ramp foundation

March 31, 2023

Pile driving for the new Highway 17 off-ramp foundations and bridge approach structures is ongoing. Due to the proximity of one of the off-ramp foundations (shown within the green line below) to active railway tracks, intermittent pile driving will take place during some upcoming weekends when there are no active trains.

Pile driving at this location will take place during the following times:

- Saturday, April 1, April 8 (if required), and April 15 (if required) between 7 a.m. and 10 p.m.
- Sunday, April 2 between 8 a.m. and 9 p.m.
- Sunday, April 9 (if required) between 10 a.m. and 4 p.m.
- Friday, April 7 (if required) between 10 a.m. and 4 p.m.

Welding and other ancillary work will occur 24 hours a day while this work is underway. Once the pile driving activities are complete, crews will begin formwork and concrete pours.

What to Expect

Timing

Saturdays – April 1, April 8 (if required), and April 15 (if required)

Sundays – April 2 and April 9 (if required)

Friday – April 7 (if required)

Hours of Work

Saturdays: Intermittent pile driving will occur between 7 a.m. – 10 p.m.

Fridays (if required) and Sundays: Intermittent pile driving will occur between 10 a.m. – 4 p.m.

On Sunday, April 2, intermittent pile driving will occur between 8 a.m. and 9 p.m. The extended hours on Sunday, April 2 will allow for additional progress during an approved work window in coordination with the railway, and will reduce the amount of work needed on future weekends.

Welding and other ancillary work will occur 24 hours a day while work on this foundation is underway.

Traffic

Bridge Road between Old Yale Road and Musqueam Drive will be closed. Local business access only. While the closure is in effect, drivers will need to use 130 Street in order to access Industrial Road.

Road signage will be in place and traffic control personal will be on site if required.

Impacts/Interruptions

Nearby business owners and residents will likely hear some noise associated with pile driving activities. We appreciate your patience while this work is underway.
