

Rescheduled - Concrete pour for Royal Avenue approach slab work

July 20, 2023

This work has been rescheduled to Friday, July 21 with an earlier start time due to high temperatures.

Starting at 5:00 a.m., Fraser Crossing Partners will be pouring concrete as part of the ongoing work on the Royal Avenue overpass. This early morning start, during the coolest part of the day, and then working continuously ensures the structural integrity of the approach slab (the transition between the roadway pavement and the overpass structure).

Crews will begin set-up at approximately 4:00 a.m. Nearby residents may hear noise from concrete trucks and heavy equipment starting at 5:00 a.m.

Concrete trucks will access the work area via Royal Avenue and McBride Boulevard. Traffic control personnel will be on site to assist with access.

What to Expect

Timing

Friday, July 21 (rescheduled date)

Hours of Work

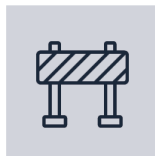

Crews will begin set-up at 4:00 a.m., but this is not anticipated to be noisy.

The concrete pour will begin at 5 a.m.

Traffic

Traffic control personnel will be at the intersection of Royal Avenue and McBride Boulevard to assist concrete trucks accessing the work area.

Impacts/Interruptions

Residents may hear noise from concrete trucks and heavy equipment while work is underway. Access to the temporary pedestrian bridge on the south side of Royal Avenue will be maintained and traffic control personnel will assist pedestrians and cyclists when required.

We appreciate your patience and understanding while this work is underway.
