

# Retaining wall construction south of Columbia Street

August 10, 2023

In mid-August, Fraser Crossing Partners will begin construction of a retaining wall south of Columbia Street. This retaining wall is required to support the eventual widening of Columbia Street, and will take approximately two to three months to complete.

While this work is underway, one lane in each direction on Columbia Street between McBride Boulevard and the bridge on-ramp will be maintained.

## What to Expect

### Timing

Summer – Fall 2023

### Hours of Work

Monday to Friday from 7:00 a.m. – 8:00 p.m.  
Saturdays from 9:00 a.m. – 6:00 p.m.

Some non-noisy work activities will take place at night. Traffic configurations will be in place 24/7.

### Traffic

One lane in each direction on Columbia Street will be maintained. When required, traffic control personnel will be on site to direct traffic, pedestrians, and cyclists. All traffic pattern changes will be well-signed.

### Impacts/Interruptions

Drivers may experience temporary delays resulting from the single lane configuration. Nearby residents may hear noise associated with work activities. We appreciate your patience while this work is underway.
