

# Nighttime lane closures on Royal Avenue, McBride Boulevard, Columbia Street, and Bridge Connector for utility work

**UPDATED: May 9, 2024**

In March, crews began installing underground utilities along Royal Avenue, McBride Boulevard, Columbia Street, and Bridge Connector within the Project area. This work will be ongoing into June. While this work is underway, one lane will remain open in each direction and a second lane may be closed intermittently, while Columbia Street remains closed between McBride Boulevard and Elliot Street until the end of May.

Temporary nighttime closures of local roads may also be required. Residents will be notified of any access restrictions in advance.

Saw cutting activities are required as part of this work. Periods of noise are expected; however, these activities will be conducted as early in the evening as possible.

## What to Expect

### Timing

Started in March and will be ongoing into June, 2024.

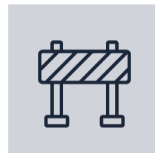

### Hours of Work

7 p.m. – 5 a.m.

### Traffic

Nighttime lane closures will be required on Royal Avenue, McBride Boulevard, Columbia Street, and Bridge Connector within the Project area. One lane will remain open in each direction at all times. Temporary nighttime closures of local roads may also be required. Traffic control personnel will be on site to assist when required, and all traffic pattern changes will be well-signed.

### Impacts/Interruptions

Nearby residents may hear noise from construction activities. We appreciate your patience while this work is underway.
