

# Nighttime hydrovaccing for new guide sign foundations in New Westminster

March 3, 2025

On Thursday, March 6 and Friday, March 7, Fraser Crossing Partners will be conducting nighttime hydrovaccing activities required in advance of building the foundations for new overhead and roadside guide signs at several locations in New Westminster. These locations include alongside Bridge Connector, Royal Avenue, Columbia Street, McBride Boulevard, and the Royal Avenue loop-ramp.

This work must be completed at night due to the required temporary single lane closures. Hydrovaccing activities will be completed as early in the evenings as possible.

Construction of the foundations will begin in late March. Additional information will be provided in advance.

## What to Expect

### Timing

Thursday, March 6 and Friday, March 7.

### Hours of Work

7 p.m. to 10 p.m.

### Traffic

Temporary single lane closures will be required on Bridge Connector, Royal Avenue, Columbia Street, McBride Boulevard, and the Royal Avenue loop-ramp. Traffic control personnel will be on-site to direct traffic, cyclists, and pedestrians as required.

### Impacts/Interruptions

Nearby residents may hear noise from the hydrovaccing activities.

We appreciate your patience while we complete this work. If you have any questions about this work, please email [info@fcgp.ca](mailto:info@fcgp.ca) or call the 24/7 construction information phone line: 1-844-815-6149.
