

Finishing roadworks and utility work on Royal Avenue

March 13, 2025

Starting the week of March 17, roadwork finishing and utility work will be ongoing along Royal Avenue between First Street and McBride Boulevard, including:

- preparation activities in advance of installing new curbs;
- installation of new curbs;
- removal of power poles and relocation of overhead powerlines underground;
- waterproofing of the new Royal Avenue overpass;
- construction of the multi-use-pathways; and
- milling and paving.

While traffic in both directions will be maintained at all times, occasional daytime and nighttime lane closures will be required. Access for pedestrians and cyclists will be generally maintained; however, short detours around work areas may be required. A small portion of work will also be completed on E. Royal Avenue just east of McBride Boulevard.

What to Expect

Timing

Starting the week of March 17 and ongoing into summer.

Hours of Work

The majority of work will be completed during the day. Occasionally, work will continue at night; however, noisy work activities will be completed during daytime hours.

Traffic

Single lane closures on Royal Avenue will be required. All traffic pattern changes will be well signed, and traffic control personnel will be on site to assist when required.

Impacts/Interruptions

Nearby residents may hear noise from construction activities.

We appreciate your patience while this work is underway. If you have any questions, please email info@fcgp.ca or call the 24/7 phone line: 1-844-815-6149. For more information about the Project, please visit pattullobridgereplacement.ca.
