

Overnight full closures of Front Street

April 17, 2025

Starting Monday, April 21, Fraser Crossing Partners will begin installing overhang brackets and steel bracing between the girders across Front Street. To complete this work, overnight full closures of Front Street between 9:00 p.m. and 5:00 a.m. will be required for approximately three weeks. **Front Street Mews and Columbia Street will remain open and access to businesses in downtown New Westminster will be unaffected.**

While these overnight closures are in effect, trucks will be reminded to use official truck routes (which exclude Columbia Street at all hours, and Royal Avenue after 9 p.m.), and drivers will be detoured to Columbia Street.

Additional overnight closures will be required for approximately three to four weeks to install deck panels, once the overhang bracket and steel bracing installation activities are complete. An additional notification will be provided in advance.

What to Expect

Timing

Starting the evening of Monday, April 21 and continuing at night for approximately three weeks.

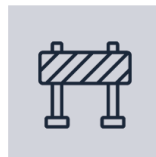

Hours of Work

9 p.m. – 5 a.m.

Traffic

Front Street Mews and Columbia Street will remain open. Trucks will be detoured to designated nighttime truck routes, and drivers will be detoured to Columbia Street. All traffic pattern changes and detours will be well signed, and traffic control personnel will be on site to assist when necessary.

Impacts/Interruptions

Occasional bolting activities will be required at night while the closures are in place to ensure the overhang brackets and steel bracing are safely secured. Nearby residents may hear short periods of noise. Drivers may experience longer than normal travel times due to detours.

We appreciate your patience. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 construction information phone line: 1-844-815-6149. For more information about the Project, visit pattullobridgereplacement.ca.
