PATTULLO BRIDGE
REPLACEMENT

Concrete pour for the bridge approach north of Columbia Street

July 29, 2025

Starting at 4 a.m. on Thursday, July 31, Fraser Crossing Partners will be conducting a concrete pour for the bridge approach north of Columbia Street in New Westminster. The concrete pour will take place continuously for approximately four hours. Starting early in the morning during the coolest part of the day ensures the structural integrity of the concrete.

Nearby residents may hear noise from concrete trucks and equipment while the pour is underway; however, the work will be staged in a way to minimize noise impacts and back-up beepers will be minimized as much as possible.

Additional concrete pours will be required on top of the bridge deck across Columbia Street and Front Street. More information will be provided in advance.

What to Expect

Timing

Thursday, July 31 (if this concrete pour needs to be rescheduled, an updated notification will be provided)

Hours of Work

Starting at 4:00 a.m. and continuing for approximately four hours.

Traffic

Traffic control personnel will assist concrete trucks to access the work area from Bridge Connector.

Impacts/Interruptions

Nearby residents may hear noise from concrete trucks and equipment while concrete pour is underway.

We appreciate your patience. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 construction information phone line: 1-844-815-6149. For more information about the Project, visit pattullobridgereplacement.ca.
