PATTULLO BRIDGE
REPLACEMENT

Overnight single lane closures on Front and Columbia Streets

September 3, 2025

On the night of Thursday, September 4, Fraser Crossing Partners will be conducting concrete pours between the deck panels in New Westminster. This work is required in advance of the first concrete overlay bridge deck pour.

While this work is underway, traffic will be maintained in both directions. On Front Street, single lane alternating traffic will be in effect. On Columbia Street, a single lane closure will be required; one lane will remain open in each direction. **Front Street Mews will remain open and access to businesses in downtown New Westminster will be maintained at all times.**

Follow-up notifications will be provided in advance of the concrete overlay bridge deck pours.

What to Expect

Timing

Thursday, September 4.

This work is weather dependent.

Hours of Work

7 p.m. to 5 a.m.

Traffic

Single lane alternating traffic will be in effect on Front Street and a single lane closure will be required on Columbia Street; however, traffic will be maintained in both directions. All traffic pattern changes will be well signed, and traffic control personnel will be on site to assist when necessary.

Impacts/Interruptions

Nearby residents may hear some noise while the concrete pours are underway.

We appreciate your patience. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 construction information phone line: 1-844-815-6149. For more information about the Project, visit pattullobridgereplacement.ca.
