PATTULLO BRIDGE
REPLACEMENT

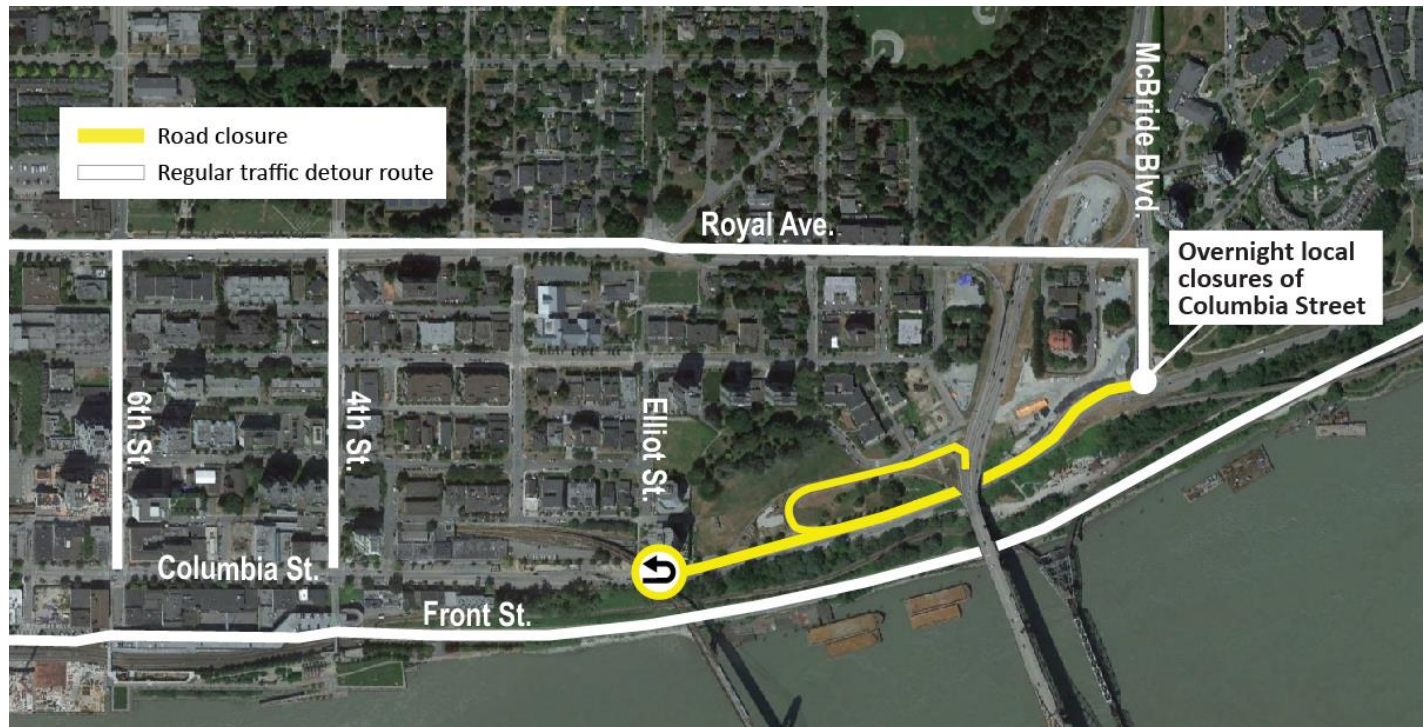

Overnight local closures of Columbia Street between McBride Boulevard and Elliot Street

UPDATED: October 16, 2025

On Tuesday, October 14, Fraser Crossing Partners began installing the final girders for the new E. Columbia exit-ramp. This work will take approximately two weeks to complete. While most work will be completed with single lane closures, overnight local closures of Columbia Street between McBride Boulevard and Elliot Street will be required on the nights of Thursday, October 16, Friday, October 17, and Saturday, October 18. An additional overnight local closure may be required on Monday, October 20. Please watch for signage.

While the overnight local closures are in place, drivers will be detoured to Royal Avenue or Front Street. The Columbia Street loop-ramp will be closed, and access to the Pattullo Bridge will be maintained via McBride Boulevard (Bridge Connector) and the Royal Avenue on-ramp. Access will be maintained for pedestrians and cyclists.

Columbia Street between 6th Street and Elliot Street will remain open for local traffic **and access to and from all businesses on Columbia Street and Front Street Mews will be maintained at all times**. All traffic pattern changes and detours will be well signed.

**PATTULLO BRIDGE
REPLACEMENT**

What to Expect

Timing

Thursday, October 16, Friday, October 17, and Saturday, October 18. An additional overnight local closure may be required on Monday, October 20.

Hours of Work

Overnight closures will be in effect from 9 p.m. to 5 a.m.

General work activities will take place 24 hours a day.

Traffic

Drivers will be detoured to Royal or Front. Columbia between 6th Street and Elliot will remain open for local traffic only. Access to the Pattullo Bridge will be maintained via the Bridge Connector and Royal on-ramp. Drivers travelling westbound on E. Columbia Street will be detoured at Braid to access the Pattullo Bridge. Commercial vehicles will be detoured to designated truck routes at all times. All traffic pattern changes, and detour routes will be well signed.

Impacts/Interruptions

Drivers may experience longer than normal travel times due to detours and stoppages. Nearby residents may hear some noise while the girder installation activities are underway.

We appreciate your patience while we complete this work. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 construction information phone line: 1-844-815-6149. For more information about the Project, visit pattullobridgereplacement.ca.
