

Bridge removal preparation works in Brownsville Bar Park and under the Pattullo Bridge

November 25, 2025

After the new bridge is open, the existing bridge will be removed. In early-mid December, Fraser Crossing Partners will begin preparation activities for bridge removal within Brownsville Bar Park.

These activities include:

- vegetation and tree removal
- widening the CN Rail crossing at the park entrance
- construction of a temporary access road
- construction of the crane pad and bridge removal work area

The temporary access road will provide access for construction vehicles and equipment to the bridge removal work area, and an efficient route to haul out deconstructed bridge materials once the bridge removal work begins.

To complete this work, heavy equipment and general construction activities will be required within Brownsville Bar Park and underneath the Pattullo Bridge.

Pedestrian access to, from and within Brownsville Bar Park will be maintained and pedestrian pathways will remain open. Fencing will be installed around the bridge removal work areas and barriers (e.g., fencing, cones or rope) will be installed along the temporary access road to ensure public safety. Traffic control personnel will be on site during active construction to assist pedestrians as required.

Additional notification will be provided in advance of bridge removal.

**PATTULLO BRIDGE
REPLACEMENT**

What to Expect

Timing

Starting in early-mid December and continuing into early 2026.

Hours of Work

Monday to Saturday from 7:00 a.m. to 8:00 p.m. Some overnight work may be required but is not expected to be noisy.

Traffic

Nearby businesses, residents, and pedestrians may notice construction vehicles and equipment accessing Brownsville Bar Park via Old Yale Road. Traffic control personnel will be onsite to assist if necessary.

Impacts/Interruptions

Nearby businesses, residents, and pedestrians within Brownsville Bar Park may hear noise associated with the preparation activities.

We appreciate your patience. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 construction information phone line: 1-844-815-6149. For more information about the Project, visit pattullobridgereplacement.ca.
