

# Regular Traffic Detour (*non-commercial vehicles*) Columbia Street closure / Columbia loop-ramp closure

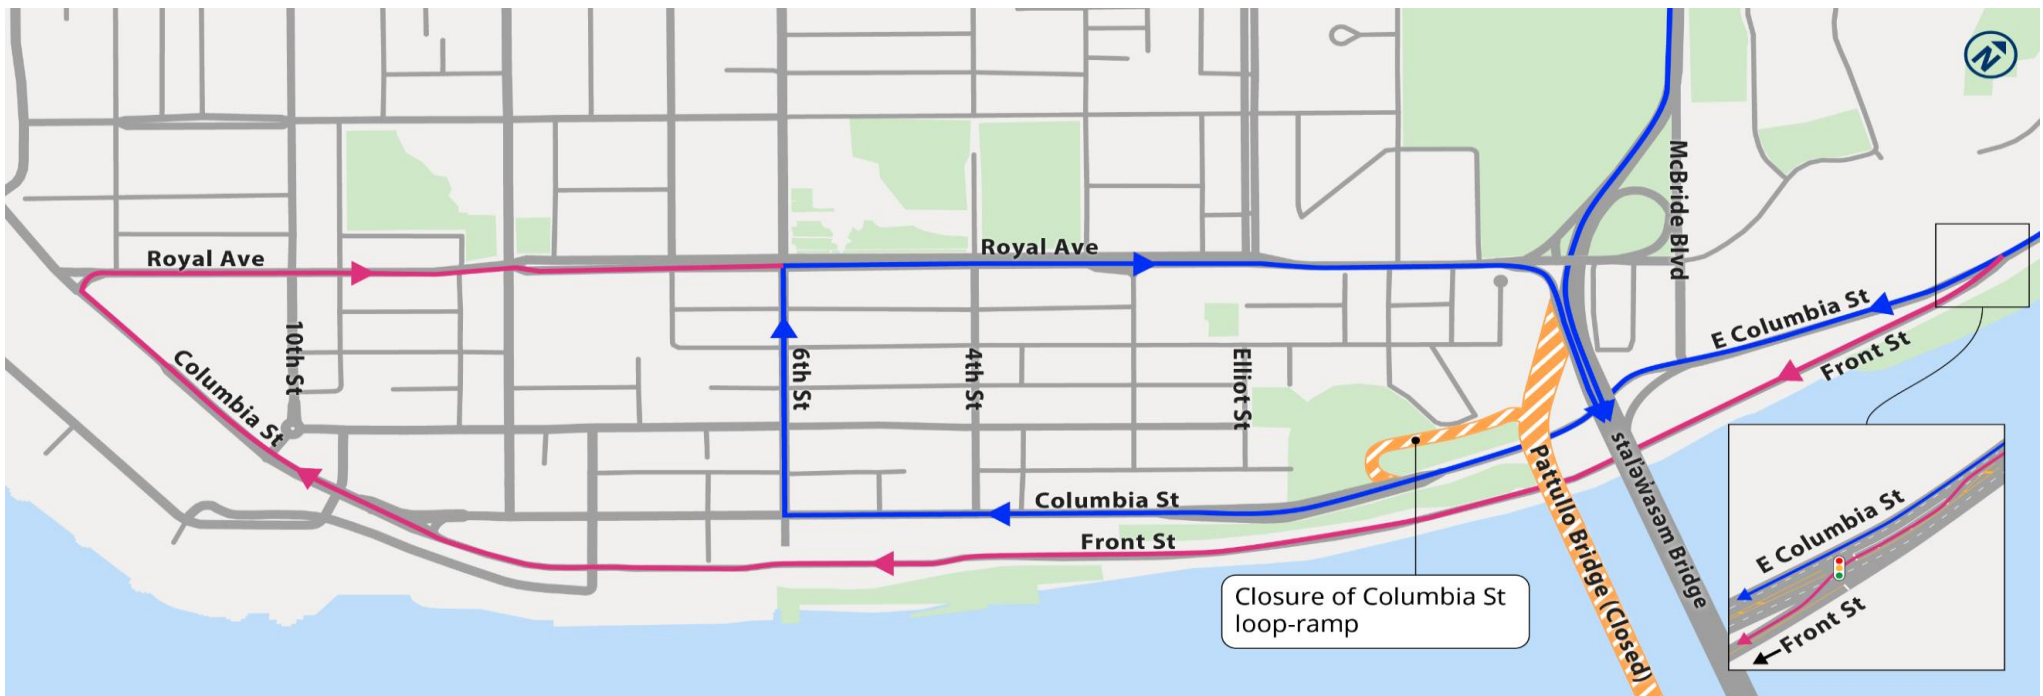

The Columbia Street loop-ramp to the Pattullo Bridge is closed and the new Columbia Street on-ramp to the stal'awasəm (Riverview) Bridge is planned to open in summer 2026.

Intermittent local closures of Columbia Street between McBride and Elliot Street are required for Project construction activities.

While these closures are in effect, drivers will be detoured to Royal Avenue and Front Street as shown below. Access to the stal'awasəm Bridge will be maintained via McBride Boulevard and the Royal Avenue on-ramp until the new Columbia Street on-ramp is open. Columbia Street west of Elliot Street will remain open. **Access to and from all businesses on Columbia Street and Front Street Mews will be maintained at all times via 4<sup>th</sup> Street and 6<sup>th</sup> Street.** Commercial vehicles will continue to use Front Street and official truck routes.

All traffic pattern changes and detours will be well signed.

## Regular Traffic Detour: Columbia Street Loop-ramp Closure

- Road closure
- Regular traffic detour route
- Alternate detour route

## Regular Traffic Detour: Local Columbia Street intermittent closures and Columbia Street Loop-ramp Closure

*Intermittent for Project construction activities*

-  Road closure
-  Regular traffic detour route

Work activities are being planned so that Columbia Street and Front Street in New Westminster are not fully closed at the same time.

Additional information can be found on the Current Works page at [pattullobridgereplacement.ca](http://pattullobridgereplacement.ca).
