

# Daytime closures of Bridge Road for formwork and drainage installation under new Highway 17 off-ramp

May 29, 2026

Starting on Saturday, May 30, daytime closures of Bridge Road are required for approximately four days for crews to complete formwork activities and drainage installation under the new Highway 17 off-ramp.

While these closures are in effect, traffic will be detoured via 120 Street and Bridgeview Drive to access 116 Avenue, Industrial Road, and Musqueam Drive (see graphic on the right).

Access for emergency responders will not be maintained while these closures are in effect. Detour routes will be clearly marked. All traffic pattern changes will be well-signed, and traffic control personnel will be on site to assist drivers when required.
