PATTULLO BRIDGE
REPLACEMENT

Weekend closure of Highway 17 westbound between Bridgeview and Tannery

July 31, 2026

Fraser Crossing Partners will be completing top lift paving works on Highway 17 on the weekend of Friday, August 7, which was rescheduled due to rainy weather. To complete this work, a westbound closure between Bridgeview Drive and Tannery Road will be required. A lane closure of eastbound Highway 17 will also be required to support paving and bridge finishing works.

This work is weather dependent. Confirmation will be communicated in advance via road signage and posted on drivebc.ca. Drivers travelling westbound will be detoured at Bridgeview Drive to King George Boulevard, 120 Street, and Tannery Road. One eastbound lane will remain open.

Access for emergency responders and cyclists will not be maintained in the westbound direction while the closure is in place. Detour routes will be clearly marked (shown in the map below):

Following completion of the remaining paving works on Highway 17 between Bridgeview Drive and Tannery Road, the new exit lane on to Tannery Road Highway 17 westbound will open.

Drivers travelling to Tannery Road will access the new exit lane approximately 500 metres in advance of the current Tannery Road exit. All traffic pattern changes will be well signed.
