PATTULLO BRIDGE
REPLACEMENT

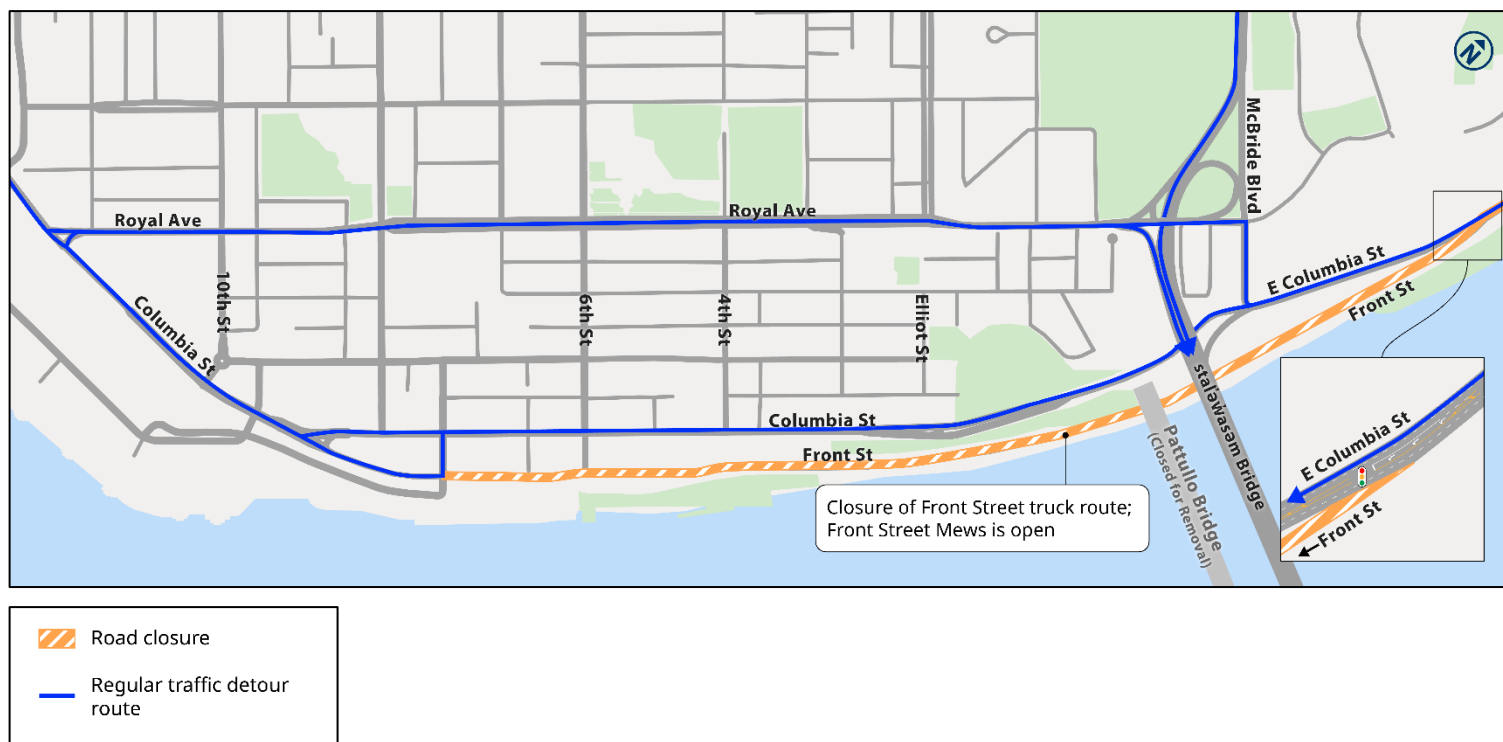

Four-month closure of Front Street Truck Route

August 14, 2026

Starting Monday, August 31, a closure of the Front Street Truck Route between Begbie Street and East Columbia Street will be in place for approximately four months for crews to complete construction of a retaining wall along Front Street.

Front Street Mews will remain open and access to businesses in downtown New Westminster will be maintained at all times.

While this closure is in effect, trucks will be required to use official truck routes (which exclude Columbia Street at all hours, and Royal Avenue after 9 p.m.). Regular traffic will be detoured to Columbia Street (see map below for reference).

An additional closure of the Front Street Truck Route is anticipated to start in spring 2027 for Pattullo Bridge deconstruction over Front Street and the railway lines. More information will be provided in a future notification.

REPLACEMENT**

What to Expect

Timing

Starting Monday, August 31, for approximately four months.

Hours of Work

Construction activities will take place 24 hours a day.

Traffic

While Front Street is closed, regular traffic will be detoured to Columbia Street. Trucks will be detoured to designated truck routes. All traffic pattern changes and detours will be well signed, and traffic control personnel will be on site to assist when necessary.

Impacts/Interruptions

Drivers may experience longer than normal travel times due to detours. Nearby residents may hear noise associated with construction activities.

We appreciate your patience. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 construction information phone line: 1-844-815-6149. For more information about the Project, visit pattullobridgereplacement.ca.
