PATTULLO BRIDGE
REPLACEMENT

Overnight lane closures on the stal'əwasəm (Riverview) Bridge

September 11, 2026

Starting Friday, September 18, overnight left lane closures in both directions on the stal'əwasəm Bridge will be in effect for approximately two weeks for south approach realignment work. One lane of traffic in each direction will be maintained, and access to the multi-use path on the east side of the stal'əwasəm Bridge will be maintained.

After this work is complete:

- A closure of King George Boulevard southbound will be required to complete top lift paving on the new south approach abutment; southbound traffic on the stal'əwasəm Bridge will be detoured to the new Highway 17 off-ramp onto Highway 17 westbound.
- This will be followed by overnight northbound right lane closures for approximately two weeks, and then a weekend northbound directional closure of the stal'əwasəm Bridge.

Details will be communicated in future notifications.

What to Expect

Timing

Starting the night of Friday, September 18, for approximately two weeks.

Hours of Work

9 p.m. to 5 a.m.

Traffic

Overnight lane closures on the stal'əwasəm Bridge. One lane in each direction will be maintained. Traffic control personnel will be on site, and signage will be in place.

Impacts/Interruptions

stal'əwasəm Bridge users may experience minor delays. No impact to multi-use paths.

We appreciate your patience. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 construction information phone line: 1-844-815-6149. For more information about the Project, visit pattullobridgereplacement.ca.
