CONSTRUCTION UPDATE NOTIFICATION FOR DEMOLITION OF THE PATTULLO BRIDGE

November 5, 2026

The Project will be removing remaining structural elements at Pier P3 along with the temporary works (jacking beam, strand jacks) that were installed for the Span 4 lowering operations. A crane, positioned on a derrick barge, will pick cut elements and temporary structures and transfer onto a material barge.

Impacts to Navigation: Restrictions within the main navigation channel (upstream draw) and administrative channel will occur starting **today November 5th from 1:00 pm to 8:00 pm,** and continuing **November 6 and 7, 2026** from **7:00 am to 8:00 pm**.

The main navigation channel (downstream draw) and domestic channel will be available for navigation (see map below). Temporary Special Operating Procedures (TSOP) must be followed during transits, and tug assist will be available as requested through VHF working channel 69 (Marine Contractor).
